GRAPE & GRAIN

GRAPE & GRAIN

Grape & Grain is an independent family owned company formed in late 2012 by Matt & Clair Holden.

In the ever changing face of the liquor industry we hold the belief that service & quality product will always come out on top. Our select range of products are ones that we are passionate about, we feel honoured to be representing them here in WA.

We have chosen them firstly for the quality of their wines & beers but also for their family roots, their passion for their craft & in some cases their quirkiness.

We take pride in our diverse range of wines & beers. Within this diverse range are a large selection of small batch & minimal intervention wines, in addition to organic, biodynamic and vegan wines and beers, we have highlighted these using the codes below;

MI Minimal Intervention
No fining / No Filtration / Nothing added, nothing taken out, with the exception of small amount of sulphur at bottling for wines

O Certified Organic

O Practicing Organic Organic practices adhered to but no official paid certification

B Biodynamic

V Vegan

GF Gluten Free In reference to beer & cider

N No Added Preservatives and/or Additives

CS Certified Sustainable

CN Carbon Neutral Climate Active Certification

If you have any queries please drop us a line or check out www.grapeandgrain.com.au

Cheers
The Grape & Grain Team

Wines By Variety …. 37 - 42

BATTLE OF BOSWORTH

McLAREN VALE, SOUTH AUSTRALIA
Winemaker: Joch Bosworth
www.battleofbosworth.com.au

Battle of Bosworth makes organically grown and certified wines from vineyards located in McLaren Vale, South Australia. Battle of Bosworth was established in 2001 by Joch Bosworth and Louise Hemsley-Smith. The wines take their name from the original Battle of Bosworth, fought on Bosworth Field, England in 1485.

The vineyards were established in the early 1970's by Joch's parents. All of the vines are certified 100% organic by Australian Certified Organic. Battle of Bosworth make wines with flavour, texture, purity and balance that best express the unique characteristics of their McLaren Vale foothills site. Battle of Bosworth wines are described as 'organically grown, traditionally vinified'.

BETWEEN FIVE BELLS

GEELONG, VICTORIA
Winemaker: Ray Nadeson
www.betweenfivebells.com

Between Five Bells

Ray Nadeson and Maree Collis are not your average winemaker/owners of a boutique winery. Both were initially trained as research scientists and hold PhD degrees in chemistry and medicine, respectively. Mid career they made the decision to pursue their alternate passion, wine. It all began with Lethbridge Wines in 1996, the wines of Lethbridge are generally single varietal wines or mirror a traditional European blend. Between Five Bells instead aims to be multi-regional, multi-varietal blends with the ultimate goal of being delicious and slurpable wines.

Between Five Bells allows Ray a sense of freedom with his winemaking, exploring texture, fermentation vessels and blending. The wines have a sense of winemaker forgoing the idea of terroir, allowing the drinker the freedom to enjoy the wines without having to worry about the grape varieties or the region in which they are grown. Ray will often use the musical analogy with his wines and Between Five Bells is his discordant jazz.

One of the most fascinating things about these wines are the beautiful & innovative labels. The labels feature graphics which are representations of data collected about each wine, for example the Red label represents the heat of the ferments, the time on skins and the ripeness of the grapes.

All Between Five Bells wines are organic, vegan and made with minimal intervention.

MODO

Il Modo was born from the dual passion Ray has for Italian wines and experimentation.

The delicious savoury food friendly nature of these Italian varietals coupled with the fact that they are generally more climate appropriate for our warming continent presented the perfect challenge for Ray. All Il Modo wines spend time in amphorae and are bottled without fining or filtration, retaining a richer texture in both whites and reds.

BRASH HIGGINS

MCLAREN VALE, SOUTH AUSTRALIA
Winemaker: Brad Hickey
www.brashhiggins.com

The road bringing Brash's creator, Brad Hickey, to the rich terroir of his Omensetter Vineyard winds through two decades in virtually every aspect of food and wine across four continents. After 10 solid years in NYC he held the title as the first US sommelier to work under French culinary genius Daniel Boulud, at Cafe Boulud, and then to the role of wine director for four years at world renowned chef David Bouley's duo of two Michelin-starred restaurants, Bouley and Danube.

In 2007 Brad swapped his wine knife for a pair of secateurs and came to work vintage in McLaren Vale. In true Aussie tradition, his name was summarily changed to 'Brash' which provided a ready alias to work under the radar – Brash Higgins.

CRFT WINES

ADELAIDE HILLS, SOUTH AUSTRALIA
Winemaker: Candice Helbig & Frewin Ries
www.crftwines.com.au

Founded in 2012, CRFT is the culmination of a long held dream between winemakers Candice Helbig & Frewin Ries.

CRFT Wines express the place where it started and the uniqueness that comes from individual sites. Each wine is made from grapes picked from a single vineyard and every bottle becomes an honest reflection of that one specific location, an untarnished sample of soil and season.

In March 2016 Candice & Frewin purchased the Arranmore Vineyard in the Piccadilly Valley, Adelaide Hills, a small 5-acre vineyard planted with Pinot Noir, Chardonnay and Gruner Veltliner. They immediately converted the vineyard to organic farming and in February 2019 became NASAA Certified Organic.

Along with the Arranmore Vineyard, CRFT also sources fruit from eight vineyards across the Adelaide Hills, Barossa Valley and Eden Valley. Just two to three tonnes are picked from each block and wines are produced in small batches of about 2,000 bottles.

The winemaking philosophy is simple: preserve what the vineyard grew and create balance and harmony, leaving a minimal winemaking footprint.

DARLING WINES

MARLBOROUGH, NEW ZEALAND
Winemakers: Chris Darling & Bart Arnst
www.thedarlingwines.com

After making great wine for other people, Chris Darling and Bart Arnst teamed up in 2007 to make great wine for themselves under The Darling label. With over 45 years of winemaking experience between them, Chris and Bart make regional, complex wines, that drink well on any occasion.

Chris & Bart are pioneers of the organic wine scene in New Zealand, with viticulturist Bart first experimenting with organic techniques in 1996. Bart is a founding member of Organic Winegrowers of New Zealand (OWNZ). Only certified organic grapes are used to make their wines, they find it increases quality and gives certainty to the integrity of the wines. While limiting the impact to the soil and earth, they believe organics helps you to connect with wine that is safe and can be traced to origin.

With the use of organic techniques Chris and Bart believe they are seeing an increase in quality over time, vines are allowed to come into balance, producing thicker skins and therefore greater flavour.

Wines are certified organic by BioGro New Zealand.

DEXTER

MORNINGTON PENINSULA, VICTORIA
Winemaker: Tod Dexter
www.dexterwines.com.au

Tod Dexter has a long history with wine. After seven years as an apprentice at one of California's premium family wineries, Cakebread Cellars, he returned to Australia in 1987 with his wife Debbie and bought a vineyard site where they planted 1.6 hectares of Pinot Noir and Chardonnay.

Tod then joined forces with Brian Stonier at Stonier Wines where, over the next ten years, he grew the company to become one of Australia's premium producers of Chardonnay and Pinot Noir. During this decade the wines Tod created received many accolades both at home and internationally.

During a formative trip to France in 2000 Tod gained a new respect for the concept of terroir and the responsibility to future generations in caring for the land. This trip was what encouraged Tod & Debbie to take the next step & produce their own wine.

Thus Dexter Wines was born.

DOMINIQUE PORTET

YARRA VALLEY, VICTORIA
Winemaker: Ben Portet
www.dominiqueportet.com

DOMINIQUE PORTET
Yarra Valley

The Portet family boasts ten consecutive generations of winemaking that began in Bordeaux in the 18th century. Today, the Portet name is most closely associated with the Yarra Valley where father and son team Dominique and Ben Portet, respectively ninth and tenth generation winemakers, produce wines of elegance and distinction.

The Dominique Portet label features an emblem with special meaning for the Portet family. It takes the form of an arabesque, a sinuous unbroken line that is characteristic of Moorish decoration. It symbioses the links and close bonds between generations, families and continents.

This shape suggests grace, strength, purity of line, and unbroken bonds. These are the qualities Dominique Portet seeks to embody in his wines.

DOOM JUICE

RIVERLAND, SOUTH AUSTRALIA
www.doomjuicewine.com

It all started with two hospo mates who set out to make fun, accessible wines without the pretension. Founded in Sydney in 2020, during that time we try not to speak of, Zac Godbolt and Sebastian Keys made their first wine, a Rosé made from grapes from the Riverland region of South Australia. Since then they have gone on to make many more wines, wines that aim to be 'highly smashable'.

Their accessible and tasty wines combine uncomplicated winemaking with music and fashion. It's not all hype though, their wines are made from great quality, sustainably grown grapes from some of Australia's most famed regions.

Doom Juice wines are wild fermented, unfiltered, unfined, vegan friendly and sustainably grown, certified by Sustainable Wine Growing Australia.

DRIFTWOOD ESTATE

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Kane Grove
www.driftwoodwines.com.au

Driftwood Estate is a family owned, boutique winery located in the Wilyabrup sub-region of Margaret River, Western Australia. Established in 1989, the Estate is spread over 100 acres of undulating rich grape growing country, just a stones-throw from the Indian Ocean.

The maritime climate, fertile soil and attention to detail in the vineyard combine to produce amazing fruit with strong varietal characteristics. With premium quality fruit, the winemaking philosophy is all about protecting and expressing the qualities found in the grapes, so that the wine lover can enjoy the pure varietal and regional flavours.

EVOI WINES

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Nigel Ludlow
www.evoiwines.com

From modest beginnings in 2007 in a backyard garage, Evoi Wines has evolved to now produce a range of meticulously crafted fine wines. Founder and Winemaker, Nigel Ludlow's passion is inherent in the wine label's name, EVOI, a Latin term for the ecstatic scream of joy from the female followers of Bacchus, the God of Wine.

Nigel is passionate about producing beautifully structured wines that are complex in structure, yet seductively enjoyable. Each wine captures the stunning expression of place that is Margaret River.

FAIRBROSSEN

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Matt Bowness
www.fairbrossen.com.au

Fairbrossen is the winery and vineyards of the Bowness family. The family name and origins are from the Lake District in the North-West of England, where the phrase is often expressed at the completion of a very satisfying meal, meaning 'Full to Bursting'.

The journey began in 1995 when the Bowness family decided to establish a vineyard in the upper reaches of the renowned Wilyabrup area of Margaret River. Following 7 years of university studies and practical winemaking stints across France, California, and Australia, owner/winemaker Matt Bowness established Fairbrossen in the Perth Hills, however the allure of Margaret River was too strong to resist. In 2019 Matt & partner Steph made the call to move the whole operation, family and all, back to Margaret River where it all began. New vines were planted, old favourites were nurtured, with the new winery literally steps from their front door Matt has been able to dial in even more magic in the vineyard and the cellar.

Proudly a first generation winemaker, Matt believes in minimal intervention in both the vineyards and winery. Crafted by hand, and driven by environmental principles, artisanal winemaking and a desire to push the boundaries of convention, why not come for the ride.

FOLIUM

MARLBOROUGH, NEW ZEALAND
Winemaker: Takaki Okada
www.folium.co.nz

Takaki Okada's fascination with wine led him to leave his native Japan for California. Here he studied winemaking at the University of California, Davis, from there his love for New Zealand Pinot Noir's lead him to Marlborough where he put his education to work. After 6 years at Clos Henri Vineyard Takaki decided the time was right to go out on his own, thus Folium was born.

Takaki believes leaves work the hardest in the process of growing grapes, that the plant produces the grape or wine, we just assist with the process, for this reason he named his vineyard Folium, leaf in Latin. Takaki uses time honoured winemaking techniques to produce quality wines that express the unique nature of Folium vineyard.

Folium vineyard has applied organic approaches sines 2011 and has been proudly certified by BioGro since 2013.

FROM SUNDAY WINEMAKERS

AUSTRALIA
Winemaker: A collective!
www.fromsundaywines.com

From Sunday Winemakers is the creative output of Sam Bowman, Dave Kynaston and a merry collective of grape growers, viticulturists, winemakers and sommeliers from around Australia.

Their philosophy is simple, they use science to try and understand nature, not control it. Generally this means they farm sustainably, try not to add anything that's not fruit and try to remove as little as possible.

These are the wines they like to drink, wines that are made to be enjoyed. Weird blends, unusual varieties, unconventional winemaking techniques. They work with what nature has given them to make something that is exciting and vibrant. Lighter, fresher wines made to enhance food, not compete with it.

The name From Sunday Winemakers comes from an old expression to "do something three ways from sunday" which means to try things lots of different ways and experiment with lots of possibilities. Not wanting to go down the traditional route of naming the wine after a vineyard or themselves the name seemed to be a perfect fit. A guiding principle of always trying new ways to achieve the perfect wine for right here, right now.

HONORO VERA

HONORO•VERA

SPAIN
www.gilfamily.us

Viñas Familia Gil gives its name to a group of small wineries spread geographically throughout Spain. This fourth generation family winery work with native varieties acclimatised to their natural habitat. They adhere to their family principals; respect for the land and raw materials, energy efficiency and use of natural resources.

Honoro Vera wines are produced in four appellations in Spain: Jumilla, Calatayud, Rueda, and Rioja. In each region, the goal is to showcase the character of the native varietals. These wines are made from high quality grapes, planted at high altitudes, generally over 2,300 feet. The old vine vineyards are very sandy with alluvial pebbles that bring the added complexity of minerality. These high elevation vineyards experience daily temperature variations which may slow maturation and intensify flavours, the end result gives the wines complexity and balance.

Treatment and maintenance are carried out by environmentally friendly practices such as: hand-harvesting, no use of pesticides, preventive treatments and biological pest control against plagues and vine diseases.

INREVERIE

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Kate Morgan
www.inreveriewineco.com.au

Become lost in reverie (n) ‘a state of being pleasantly lost in one’s thoughts; a daydream'.

InReverie is inspired by a love of travel and a love of music.

Exposure to different places, people and cultures releases our mind and allows us to daydream, even just for a little while, of different perspectives and possibilities. While listening to a favourite song transports you back to a different time and place.

Whether its knee deep in mud at a festival, watching one of your favourite bands in far flung places or just enjoying a glass of wine at a bar in a new country listening to the local music, travel and music have a habit of being intertwined.

InReverie wines are crafted to represent a simple relaxing moment in time, easy drinking, fruit driven styles that can be enjoyed anytime and in any place …. enjoy in reverie.

KNEE DEEP

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Kate Morgan
www.kneedeepwines.com

Classic, elegant, varietal wines are created with passion from vines growing in the Margaret River region. The ancient terroir, pure ocean breezes, a warm mild climate produce vintages of balance, complexity and quality.

A genuine love of the Margaret River wine region is where the story began. The Child's family, founders of Knee Deep, broke ground back in 2000 establishing what was to become an iconic Margaret River winery. These reigns have now passed onto the Holden family after working alongside the Child's family for five years and not wanting to see an iconic Margaret River story come to an end. In the tradition of jumping in "Knee Deep" a new era begins, being knee deep in the fruit is where it all starts, but also being knee deep in the Margaret River world of wine.

100% West Australian family owned.

PAYTEN & JONES

HEALESVILLE, VICTORIA
Winemaker: Behn Payten & Troy Jones
www.paytenandjones.com.au

Behn Payten & Troy Jones of Payten & Jones Vignerons have been making fun and interesting single vineyard wines since 2006.

The evolution of Payten & Jones has been slow, although that has been required to gain the knowledge and skills to shape their Payten & Jones and Valley Vigneron wines. They have a simple philosophy in relation to vineyard and winery, less is more, with a 'hands off' approach to wine making.

All wines are small batch and faithfully represent that specific patch of dirt, so no fining, no filtration or mucking around with the great fruit. They own one Vineyard (special thanks to the bank) and manage all other vineyards they source fruit form across the Yarra Valley and one special 40 yo site in Kilmore.

PLANTAGENET WINES

MOUNT BARKER, WESTERN AUSTRALIA

Winemaker: Mike Garland

www.plantagenetwines.com

PLANTAGENET

A true pioneer of the Great Southern, Plantagenet Wines was established in 1968 as the regions first commercial winery, laying the foundation for what would become one of Australia's most respected cool-climate wine regions. The original winery was converted from a humble apple packing shed, and the cellar door built by hand using local timber and mud bricks, a reflection of the history that shapes Plantagenet today.

Family-owned and led by sixth-generation custodian Tom Wisdom and viticultural expert Dr. Jo Wisdom, Plantagenet remains deeply connected to the land. Together with Winemaker Mike Garland, they bring a hands-on approach and long term vision to both the vineyards and the wines.

The 135 acres of estate vineyards are carved from the region's distinctive Marri soils – gravelly loams named after the towering native red gums. These ancient soils, combined with Mount Barker's elevated, cool-climate conditions, produce expressive wines of structure, elegance and regional character.

QUIET MIND

WESTERN AUSTRALIA
Winemaker: Matt Holden
www.quietmindwine.com.au

Wines from the mind of Matt, a complex, busy and sometimes confusing place to be.

With life always on the move in our busy and sometimes testing world, finding a balance is always the key. From the maze of spreadsheets and meetings it is easy to lose sight of why we work in this industry to start with. Not wishing to escape the realities of modern life and work, quiet mind is for Matt a chance to really immerse himself in the world of wine making without the pressures of needing to conform to a style. To learn on the job, with friends and family and craft wines that define the way he likes to drink.

Despite visiting countless wineries around the world, it is never the same as getting your hands dirty and making something yourself, be it a triumph or an epic disaster.

The label art, some of which adorns the walls at his home are by Phoebe Duff who hails from Albany, Western Australia.

SALOMON ESTATE & UNDHOF

FINNISS RIVER, SOUTH AUSTRALIA & STEIN a.d. DONAU, AUSTRIA

Winemaker: Bert Salomon
www.salomonwines.com

SALOMON UNDHOF For the last 220 years, Salomon Undhof has produced white wines from the best terraced sites along the Danube, crystal clear wines with fine minerality. The style of Salomon Undhof wines is an alliance between character, balance and harmony. Wines meant to be drunk young are fresh and subtle; wines for keeping acquire with age a luscious complexity. The winery is situated in the eastern part of the "cultural world heritage site" Wachau with the appellation Kremstal DAC.

SALOMON ESTATE Bert and Gertrud Salomon bridge the old and the new wine world. Harvesting twice a year they commute between Finniss River Australia and their famous white wine estate Salomon Undhof Austria, which they manage in the seventh generation. Descending from a great Austrian wine family, Dr. Bert Salomon established Salomon Estate in Finnis River, South Australia. Their passion for great red wines and their enthusiasm for diverse cultures let them become part Australians, this was almost 20 years ago.

SMALLFRY

BAROSSA VALLEY, SOUTH AUSTRALIA
Winemaker: Wayne Ahrens
www.smallfrywines.com.au

smallfry

Smallfry wines is a partnership in business and life between Suzi Hilder and Wayne Ahrens.

They are viticulturists bitten by the winemaking bug, the chance to turn their own fruit into wine was too good to pass up. Natural ferments, nil to minimal adjustment, old oak and a soft hand in the cellar allows the vineyard to speak. The style is food friendly, Euro style, with a eye to balance and subtlety.

The essential component is great fruit, they are lucky enough to own two very special vineyards, one in Eden Valley and the other in Vine Vale in the valley floor. The Eden Valley vineyard was established by Suzi & Wayne in 1994, while the Vine Vale block has been the Schlieb's family seat for generations, with the last incumbent putting in 52 vintages before hanging up his snips.

They believe that when we look back on the last few years we will see that this is a time of great creativity, the emerging young winemakers will become the seasoned campaigners of the future. The Barossa is in good hands and they want to be a part of that.

SPRING SEED WINE CO

McLAREN VALE, SOUTH AUSTRALIA
Winemaker: Joch Bosworth
www.springseedwineco.com.au

Spring Seed Wines are made using grapes from organically grown and certified vineyards located in McLaren Vale, South Australia. The vineyards were established in the early 1970's by Peter and Anthea Bosworth, and are now owned and run by their son Joch and partner Louise Hemsley-Smith, who began the conversion to organic viticulture in 1995. The vines are fully certified organic by Australian Certified Organic.

The Spring Seed Wine labels are unashamedly inspired by vintage flower seed packets created at the turn of the last century. Three different flower images have been used to decorate each one of the wines.

Spring Seed Wines are single vineyard wines that best express the unique characteristics of their foothills site, in a modern, fresh and balanced style. Spring Seed wines are described as 'organically grown, traditionally vinified'.

WILLOUGHBY PARK

GREAT SOUTHERN, WESTERN AUSTRALIA
Winemaker: Lucy Maddox
www.willoughbypark.com.au

Located to the east of Albany, the Willoughby Park Estate Vineyard is a hidden gem. The property is found in extraordinary country at the extreme end of the Porongurup Ranges, on the left flank of the Kalgan River, in the Great Southern wine region of Western Australia.

The vines are less than 20kms from the chilly waters of the Southern Ocean which brings cooling summer breezes, slowing the ripening of the grapes and increasing intense flavour development. Terrior, natural climatic advantage and sensitive viticulture come together in this place of beauty and potential. 'It's all about the rock.....' this is a vineyard that reflects the essence of terrior, an ancient land where gneiss and granite formed an undulating base over the whole site and the deep weathering by the Kalgan River has helped produce these incredible and unique soils. The winemaking involves respectful and meticulous care of the fruit, ensuring Kalgan River remains a place where nature provides and man guides. In James Halliday's words, it is a 'mighty mouse of a vineyard'.

WILLS DOMAIN

MARGARET RIVER, WESTERN AUSTRALIA
Winemaker: Ely Jarvis
www.willsdomain.com.au

Wills Domain sits atop the Gunyulgup Valley, overlooking 60 Ha's of rolling hills in Northern Margaret Rivers sub region of Yallingup. The estate combines exceptional vineyard, unique climate and the enviable, free draining slopes of the Gunyulgup Valley to create wines of exceptional quality.

When the Haunold family purchased the original Wills Domain Vineyard in 2000, they were adding another chapter to a family history of winemaking stretching back to 1383 in what is now Austria. Darren Haunold continues this family tradition alongside winemaker Ely Jarvis who has over 25 years of winemaking experience. A champion of sustainability, Ely has played a key role in advancing environmental best practices across Western Australia's wine industry. Her dedication to balancing vineyard health with quality winemaking align perfectly with Wills Domain's philosophy.

Wills Domain showcase artisanal Estate wines in its two old vine vineyards: Wills Domain Estate (1992) and Yallingup Estate (1985). Their holistic approach to viticulture, winemaking and its acclaimed restaurant showcases a methodical approach to the land and sustainability.

YELLAND & PAPPS

BAROSSA VALLEY, SOUTH AUSTRALIA
Winemaker: Michael & Susan Papps
www.yellandandpapps.com.au

The Yelland & Papps story is about new beginnings, a young couple starting and forging our own path in the wine industry, respecting the traditions of the home that is the Barossa, but also putting our stamp and foot print on what we believe in. We are starting our legacy our future and our kid's future. We have been blessed with the opportunity to own a piece of history in the Barossa Valley that dates to 1848, built by one of the first settlers in the Barossa.

All wines are made at Yelland & Papps by Susan and Michael, where there is a focus on using a lot of whole bunch fermentation, no filtration, larger format oak and putting 100% whole bunches through large bung holes of puncheons and letting them sit for up to a year in some cases.

Michael and Susan's ethos is to pick fruit on flavour and acid, and to make wine in a less is more approach, using gently processing methods and to make the best wine possible.

HIGH HOPES

MELBOURNE, VIC
www.heapsnormal.com

High Hopes believe that the key to making a great non-alc wine is simple, start with great wine.

To create High Hopes the team at Heaps Normal worked with the Australian Wine Research Institute to develop a winemaking process that differs from industry standards. The result is a non-alc wine that remains true to traditional winemaking principals, using the same core ingredients and processes as premium wine, without relying on artificial additives or wine substitutes.

Unlike other non-alc wines on the market High Hopes is a blend of two wines from the same grape variety, a base wine designed to retain structure and body, and a blending wine crafted to maximise aroma, flavour and fermentation characteristics. The base wine then undergoes vacuum distillation to carefully remove alcohol while preserving the wines natural character.

BOSTON BREWING CO

DENMARK, WESTERN AUSTRALIA
Brewer: Reid Stratton
www.bostonbrewing.com.au

Established in 2011, Boston Brewing Co is a family run, 100% West Australian owned business and one of the first breweries in the Great Southern region. The fantastic thing about being in such idealistic surrounds that make up the Denmark region, is that they are blessed with some of the finest, purest rainwater. The use of rainwater allows the quality of the raw materials, carefully selected to speak for themselves – and they have got a lot to say! Their approach to beer is simple – traditional brewing techniques, quality ingredients, time and care, oh and a passionate brewer.

100% West Australian, 100% Independent, Family Owned!

DAINTON BEER

CARRUM DOWNS, VICTORIA
Brewer: Cam Turner
www.dainton.beer

Launched in 2013 by Dan Dainton and his old man Kev, their first few years were a roving operation with Dan making beer out of breweries all over Victoria, but the father and son duo were constantly on the lookout for a place they could call home.

A few years later, with a brewery in place, the beers and awards started to flow with an impressive haul of trophies at The Indies, including the Champion Australian Beer in both 2017 and 2019 and Champion Large Independent Brewery in 2020.

Dainton Beer has built a reputation for producing beers that are bold, fun and innovative. With quality at the heart of everything they do, they embrace the "Drink Different" mantra wholeheartedly and pride themselves on producing some of the most inventive, exciting and downright delicious beers in Australia.

LA SIRÈNE

MELBOURNE, VICTORIA
Brewer: Costa Nikias
www.lasirene.com.au www.beyondordinarybeer.com

La Sirène have been creating wild, wine-hybrid and farmhouse ales in Melbourne's north since 2010. Founded by winemaker-turned-brewer Costa Nikias, they innovate and push boundaries while paying homage to old-world methods. Their signature wild, wine-hybrid and farmhouse ales are a representation of place, time & season.

Costa draws on traditional approaches while allowing his wild ales to be driven by the influences of here and now. La Sirène beers are made in harmony with the seasons - inviting the influence of wildly occurring yeast and bacteria from the natural environment around their brewery. Beyond saisons, our repertoire celebrates the wonders of completely spontaneous fermentation through the use of our authentic Coolship, and with the pioneering and creation of a range of wine-hybrid wild ales borne from our origins in winemaking.

La Sirene are pioneers in these styles of brewing in Australia. Brewed with obsession and solely guided by creativity, these artisan ales are in a world of their own.

MOUNTAIN CULTURE BEER CO

KATOOMBA, NEW SOUTH WALES
Brewer: DJ McCready
www.mountainculture.com.au

Head brewer & co-founder DJ McCready's brewing journey started back in 2007 in North Carolina when he volunteered at a local brewery, stirred on by a competition he had with his flat mate to see who could brew the better homebrew. Two years later he wound up as their head brewer. After honing his craft there, and at renowned US craft brewery, Oskar Blues, he moved to Sydney as the founding head brewer of Modus Operandi in the Northern Beaches. It was during this time he met his wife and Mountain Culture co-founder, Harriet.

Together DJ & Harriet dreamed of opening their own brewery, in 2018 it became a reality when they started renovating an old Civic Video store in the Blue Mountains. They chose the Blue Mountains for its outdoorsy, adventure lifestyle, making it their mission to brew great beer that champions the spirit of the wilderness, adventure & community.

Since opening in late 2019 Mountain Culture have become leaders in the craft beer industry, their flagship beer, Status Quo, cemented its position as the best craft beer in Australia, taking home the top spot in GABS Hottest 100 for the third year running.

ONE DROP BREWING CO

BOTANY, NSW
Brewer: Nick Calder-Scholes
www.onedropbrewingco.com.au

One Drop Brewing Co is inspired by the same foundational ideals of Reggae music, with its signature One Drop beat. The same ideas of community, humanity, one love, free thinking and unique creative self-expression inspire us. It is what beats within that allows us all to connect to community, freedom, love of life, and love of good times.

Owners Clay and Meg, both Botany locals opened the first brewery in the area. They chose Botany as it is their proud home, their roots, their community; it is the perfect place. And what better place to launch a brewery in 2019 other than in the very year of Botany's postcode - 2019.

They have gained notoriety with their array of beers, from the traditional to the unconventional. It all started with their Botany Bay Lager which only months after launch picked up a Gold Medal at the AIBA awards. From there One Drop has become known for their brightly hued sours, a favourite of Meg's, with Clay's penchant for hoppy beers rounding out their range.

OTHERSIDE BREWING CO

MYRAEE, WESTERN AUSTRALIA
Brewer: Andy Scade
www.othersidebrewing.com.au

Born in Fremantle, Otherside was started by a bunch of music industry mates who love good beer. No one remembers who said it, but all agreed, 'Imagine if we could can this feeling'. Originally brewed for and sold at Laneway Festival, Otherside has grown to become one of Australia's, and certainly WA's, most awarded breweries.

With a solid lineup of Core Range beers, monthly Experimental Releases, and a growing set of Creative Releases – which partner with up-and-coming West Australian artists – there is an Otherside product for every level of beer enthusiast or explorer. Otherside beers are brewed with the best ingredients and are naturally preservative-free.

To give back to the industry that raised them, a portion of every Otherside beer sold goes to supporting the live music, arts and culture segments through Tapped by Otherside. Tapped is an industry development program that provides platforms and growth opportunities to WA musicians, performers, visual artists, or change makers, and through the program, Otherside has established a number of partnerships with creative organisations such as Perth Festival, FORM, Black Swan State Theatre Company, Fremantle Arts Centre, and Pride WA.

THE SEASONAL BREWING CO

MAYLANDS, WESTERN AUSTRALIA
Brewer: Kalle Wevel-Pyatt
www.seasonalbrewing.beer

The brains behind The Seasonal Brewing Co, Nick Southwell and Emily ten Raa teamed up with hospitality veteran Michael Cheang, to create a local place for Nick and Emily to enjoy in their stomping ground of Maylands. Joining them is Head Brewer Kalle Wevel-Pyatt who has previously brewed for Beer Farm and Gage Roads.

As the name suggests, the focus for Kalle, and Nick who describes himself as 'owner, director and assistant brewer', is to brew seasonally-appropriate beers that are big, flavoursome and use ingredients that are ripe for the time of the year. There is a strong belief that a change of seasons calls for a change in beer styles.

The Seasonal Brewing Co is housed in a 100 year old building that was once a mechanic's garage. A celebrated venue that celebrates both beer and Perth artists. Artworks displayed at The Seasonal Brewing Co are by professional Perth artists, the team encourage patrons to come and discover local artists with a beer in hand. Another focus for the team is sustainability, they have set themselves the goal of reaching carbon neutral certification no later than 2030. They have already made significant progress toward this goal and believe they can reach it well ahead of schedule.

TWOBAYS BREWING CO.

MORNINGTON PENINSULA, VICTORIA
Brewer: Kristian Martin
www.twobays.beer

TWØBAYS Brewing Co opened Australia's first dedicated gluten free brewery and taproom on Victoria's Mornington Peninsula in late 2018. Founder Richard Jeffares was inspired by the US gluten free craft beer scene that he missed so much at home after being diagnosed with Coeliac Disease.

Richard is passionate about creating modern beer using ancient grains so everybody can explore a new world of flavour and enjoy a beer with friends – safe in the knowledge it's always gluten free.

The brewery is 100% gluten free and exclusively brews with gluten free grains – such as millet, buckwheat and rice – eliminating any risk of gluten contamination. The core range is endorsed by Coeliac Australia and proudly carries the Independent Brewer's Association stamp.

HEAPS NORMAL

MELBOURNE, VIC
Brewer: Ben Holdstock
www.heapsnormal.com

A designer, a brewer, a pro surfer and a ginger walk into a bar and order a round of alcohol-free beers. Sounds like the start of a joke, right? But when these four mates began their Heaps Normal journey in 2018, they were laughed out of more than one bar for attempting just that.

Heaps Normal was co-founded by four mates, each with their own reasons for wanting to reduce their alcohol consumption. The four joined forces and, after months of R&D, launched Heaps Normal with their first brew, the Quiet XPA. Heaps Normal is a great tasting, non alcoholic beer without the hangover. It's brewed for people who love a beer, but want to drink less.

LITTLE WREN

DENMARK, WESTERN AUSTRALIA
Brewer: Reid Stratton
www.bostonbrewing.com.au

Little Wren Pale Ale & Raspberry Sour were designed to deliver the same flavour and experience of a full strength beer, but without the alcohol. While many non-alcoholic craft beers are contract brewed by one of the bigger breweries, Little Wren beers are entirely brewed and packaged on site in Denmark, Western Australia.

Little Wren beers are all natural and preservative free, pasteurised to maintain freshness. Brewed just like Boston's Brewing Co's standard beers, only they limit fermentation to keep the alcohol below 0.5% ABV. There are plenty of reasons to reduce or eliminate alcohol consumption, Little Wren Non-Alcoholic beers makes that decision a little easier.

MABEL FOX CIDER

DONNYBROOK, WESTERN AUSTRALIA

Mabel Fox Cider, a family-owned business producing cider the right way - using only real Donnybrook apples!

Grown at their Perivale Farm in Donnybrook, and processed in house with a focus of 100% real fruit. No concentrates. No shortcuts. Just great-tasting, gluten free, cider made from 100% WA fruit, grown and crafted locally. There is something for every cider lover, the OG which is all about pure fruit flavour, a sweeter style cider with a swirl of candied sweetness, and a Rosé style with a touch of Great Southern Shiraz grapes.

Mabel Fox is … the Crispy Queen, the Silver Fox & the Liquid Crunch.

RUNAMUK CIDER CO.

STRATHAM, WESTERN AUSTRALIA

www.runamukciderco.com.au

The team at RunAmuk Cider Co don't play by the rules, they are here to craft their own kind of cider. RunAmuk Cider Co, established in 2017, is a family owned and run business situated in the beautiful heart of the South West apple growing region. Handcrafted in WA using local Donnybrook apples, hand crushed, smashed and brewed down the road in Stratham.

Paul Hinton's Coeliac diagnosis has given his South West family a new direction, a new passion. Frustrated by the lack of options available to him Paul decided to make his own cider. He found what was on offer was either too sweet or contained additives and preservatives. RunAmuk Cider Co ciders are made with no added sugars or concentrates, the way it should be done, but not the way it's usually done. Handcrafted in WA! Donnybrook Grown. Stratham Brewed.

TERMS & CONDITIONS

1. Invoicing and Payment

1.1 Payment by the Customer to Grape & Grain shall be made in cash at the time of the Customer's order unless the Customer completes the Credit Application and Grape & Grain approves the Customer's current credit rating, whereupon full payment for all invoiced Products shall be made by 30 days from date of invoice.
1.2 Cheques and payments shall be made payable to Grape & Grain and time for payment shall be of the essence.
1.3 Grape & Grain reserves the right at its discretion at any time to withdraw any credit terms and substitute cash for any order or any other terms.
1.4 Unless otherwise expressly appropriated by Grape & Grain, payments shall be taken to discharge the Customer's oldest debt and shall first reduce any costs or interest outstanding before reducing the principal debt. The date of Grape & Grain's invoice will be the sole indication of the date of any sale for the purpose of applying moneys paid in reduction of outstanding amounts.
1.5 The Customer shall pay the purchase price to Grape & Grain in Australian dollars.
1.6 In the event that payment is not made on or before the due date then the parties agree that Grape & Grain may, at its discretion:
(a) charge interest on the outstanding sum at the rate of 2% per month, calculated daily, from the due date until the date of repayment; and
(b) suspend, until payment, all further delivery of Products to be made pursuant to this Contract or any other contract with the Customer, in which event the Customer shall not be released from its obligations to Grape & Grain pursuant to this Contract or any such other contract.
1.7 The Customer acknowledges that it is liable to pay for Products provided by Grape & Grain whether or not the value of such Products exceeds the credit limit set for the Customer by Grape & Grain from time to time, or the value of such Products, together with Products already provided by Grape & Grain to the Customer, exceeds the credit limit set for the Customer by Grape & Grain from time to time.
1.8 Any mistake on any quotation, order, invoice, delivery docket or other document issued by Grape & Grain in relation to the supply of Products shall not be binding on Grape & Grain and Grape & Grain may in its discretion issue such amended document as is required to rectify such mistake. The Customer shall comply with Grape & Grain's amended document.
1.9 No negotiable instrument accepted or negotiated by Grape & Grain will be deemed payment until it has been honoured. The Customer must reimburse Grape & Grain for any charges made by Grape & Grain's bank for any negotiable instrument not met on presentation.
1.10 The Customer shall be liable for all costs of collection and legal fees incurred by Grape & Grain in recovering amounts payable under this Contract.

2. Delivery and Return of Products

2.1 Grape & Grain will deliver the ordered Products, at Grape & Grain's expense, to the Customer's commercial premises in metropolitan Perth, or to a transport depot in metropolitan Perth.
2.2 The minimum quantities which Grape & Grain will deliver are: wine, three Cartons (where a Carton is equal to 9 litres)
2.3 Grape & Grain will use its best endeavours to deliver the Products in accordance with its estimated delivery dates.
2.4 Grape & Grain will not be liable in any way whatsoever for any loss, damage or expense suffered by or incurred by the Customer which arises out of or in connection with the non-availability, delay in delivery or non-delivery or non-supply of Products.
2.5 In order to recognise a claim for damaged Products during transport by Grape & Grain's carriers, Grape & Grain must be notified, in writing, at the time of delivery, failing which the Products supplied will be deemed to have been received and accepted by the Customer in merchantable and faultless quality and condition at the time of receipt and Grape & Grain will have no further liability whatsoever in relation to the Products. Claims of any other nature will not be considered by Grape & Grain unless made, in writing, within 24 hours of delivery.
2.6 Grape & Grain will not be liable for any delays or failure to perform its obligations if such failure or delay is due to Force Majeure.

3. Personal Property Securities Act 2009 (PPSA)

3.1 If Chapter 4 of the PPSA would otherwise apply to the enforcement of a security interest in connection with these Terms and Conditions of Trade, the Customer agrees that the following provisions of the PPSA will not apply: section 95 (notice of removal of accession), to the extent that it requires the company to give notice to the Customer, section 96 (when a person with an interest in the whole may retain an accession) subsection 121(4) (enforcement of liquid assets – notice to grantor); section 125 (obligation to dispose of or retain collateral); section 130 (notice of disposal), to the extent that it requires the company to give a notice to the Customer; paragraph 132(3)(d) (contents of statement of account after disposal); subsection 132(4) (statement of account if no disposal); section 135 (notice of retention) and section 143 (reinstatement of security agreement).
3.2 Notices or documents required or permitted to be given to the company for the purposes of the PPSA must be given in accordance with the PPSA. The Customer consents to the company affecting a registration on the PPSA register in relation to any security interest in connection with these Terms and Conditions of Trade and the Customer agrees to provide all assistance reasonably required to facilitate this. The Customer waives the right to receive notice of a verification statement in relation to any registration on the register. In these Terms and Conditions of Trade, the following words have the respective meanings given to them in the PPSA: account, proceeds, purchase money, register, registration, security interest and verification statement.

4. Retention of Title

4.1. Property in all the Goods supplied shall remain vested in Grape & Grain and shall not pass to the Customer until all monies owing to Grape & Grain by the Customer together with all collection, repossession and/or legal costs incurred, have been paid in full.
4.2. The Goods, whether as separate chattels or as components, shall be stored in such a manner as to be clearly identifiable as the property of Grape & Grain until title has passed to the Customer.
4.3 Grape & Grain may demand at any time until title has passed to the Customer that the Customer returns the Goods or any part of them.
4.4. In the event that the Customer defaults in the payment of any monies owing to Grape & Grain, Grape & Grain and its employees or agents shall have the right to enter without notice upon the Customer's premises or any other premises where the Goods are known to be stored to repossess the Goods and for this purpose the Customer shall grant reasonable access rights and Grape & Grain, its employees or agents shall be entitled to do all things required to secure repossession.

5. Privacy Act

5.1 I/we agree to Grape & Grain obtaining personal information about me/us from other credit providers, whose names I/we may have provided for
Grape & Grain or that may be named in a credit report, for the purpose of assessing my/our application for commercial credit made to Grape & Grain Agreement to a credit provider being given a consumer credit report to collect overdue payments on commercial credit (section 18K(1)(b), Privacy Act 1988).
5.2 I/we agree that Grape & Grain may obtain a consumer credit report about me/us from a credit reporting agency for the purpose of collecting overdue payments relating to commercial credit owed by me/us.

6. Changes in Details

The applicant(s) must inform Grape & Grain in writing within seven (7) days of any change of his/her their business or corporate structure.
